STUDENT COUNCIL

Ms. M. Tatman	Kathy Slaughter	Derwin Brown	Pamela Sherman	Woodley Johnson	Ernestina Aguayo
Sponsor	Secretary	Parliamentarian	President	Vice-President	Treasurer

The main function of the student council is to provide learning experiences for the students. A second function, closely related to the first, is to provide within the school a climate conducive to the intellectual, physical, social, and moral development of every member of the student body.

The general objectives of the student council are as follows:

1. To develop good citizenship, attitudes, and practices
2. To promote good relationships among the students, between students and faculty, and between the school and the community
3. To develop and maintain good school spirit
4. To assist in directing and managing student life activities
5. To provide a training ground for the development of leadership
6. To promote scholarship
7. To uphold school traditions
8. To help each student to find a place in the school
9. To develop high ideals of personal conduct
10. To promote the general welfare of the school

JOSEPH M. SMITH
Principal

By now, those of you preparing to leave Harlan High School are probably keenly aware of some of the major differences between elementary school and secondary school. In your elementary school, for the most part, you were taught the basic skills. Teachers tended to lead you by the hand through the processes that we call addition, long division, language arts, and others.

When you came to Harlan, it was a whole new ball game. Here you were expected to make choices. You could select certain courses, and plan to get ready for a future career. All of this seemed to have to do with your future life, and training toward being responsible to your parents, your peers, and to yourself. The major emphasis has been on preparing you for the grand entry into the great and good life.

What do we mean by the great and good life? Fast cars? Loud sounds? Instant foods? The best of shoes? Is that all there is? Think about it. Is consumption of goods the end result of a proper education? There must be more to the gut substance of living, maturing, and surviving in America or anywhere else.

Perhaps we should consider the real essence of one's existence. I am talking about that precious qualitative personal entity — your value system. For what do you stand? Who are your heroines and heroes? For whom would you drown in an effort to save? To whom would you give the last crust of bread? To whom would you give your kidney? For whom would you pick berries?

In a controversial situation, would you stand up and be counted. Are you afraid to be different, even if the difference seems correct? Are you comfortable being seen, registered and voting, or do you feel better sulking about hiding in that anonymous never-nothing land that says, "I ain't in It?"

A life of substance is one that has a sound value system. Make up your mind about what and who you are. Be not afraid. Commitment is quite strengthening. Don't be embarrassed if people know that you love learning and hate violence. Don't be ashamed if your friends know that you cherish another person and that you love to watch the sunrise. Hold your head high and acknowledge your respect for elders. Be as you are. Make yourself better. Stand tall forever.

A Tribute To Seniors

Class Of 1984

Close your Eyes!
What do you see?
Your awaited future
In the form of a tree.

The limbs shall reach
As your mind sets the race
The stump is persistence
If you can keep your pace.

The bark is protection
Which is something you'll need
The leaves are accomplishments
But you have to succeed.

If the tree your future?
Do the Parts tell the tale?
Or is that the form of beauty
We all admire so well?

Mary E. Reynolds

Seniors

We have reached the moment in
our lives
We have come too far to turn
around
No matter how hard it seems
or sounds
After high school our feet must be
on solid ground
Set your mind on being something,
on being number 1
What ever you do in life try to
be the best
Always strive to be above all
the rest
Senior class of 1984
Good luck in your future endeavors
and remember that
Education is the key to success!

WE DID IT WITH CLASS!

We were teased when we were freshmen
And joked and poked at too.
We were greeted by flying pennies
Most of them brand new
But we didn't let this stop us,
We were determined to fight while it last
And we graciously picked up those pennies
And pocketed them with class!

Now life was looking brighter
As sophomores we were sure
That we had it all together
Because we were more mature
Although the teachers got tougher
And the courses were harder, too,
We didn't give up. We hung in there,
Endured, held fast
And handled the year with class!

Kool, calm, and collected,
That's what we thought we were
No more time for underclassmen
There were mischievous acts to be done.
We threw pennies at the freshies,
Sold them elevator tickets, too
We had to let them know we were juniors
That's what we had to do.
We may have acted foolish,
Or even kind of rash
But whatever we got ourselves into
We had fun and we did it with class!

Well, we couldn't goof off as seniors
We had to face the awesome truth
We were growing up, getting older
We were leaving our youth
So we stayed up nights and studied
For an A instead of a C on exams
We arrived at our classes on time
Way before those doors were slammed.
Although this year wasn't easy
And was harder than the rest
It was the class of '84 and to
US it was the best!

Afterword

WHERE DO WE GO FROM HERE? This question can be answered with one word — *FORWARD.* We are always moving ahead, striving for the better. We search and explore, seeking until we find. As we look, we meet and experience new people, new things. The people are strangers to us; we know nothing about them — who they are or where they are coming from. *BUT* ... we acquaint ourselves with their values and morals, and we learn to *UNDERSTAND* and *ACCEPT* them. Once we have understood and accepted, the strangers are no longer strangers — we become friends.

Good Bye Class Of 1984

Even though we must be on our way, we have to say — Goodbye
Times were grand and filled with so much fun, now time has come — Goodbye
Here we are on this special day that we've long to say
Goodbye, so long
We never shall forget, forget from whence we've come
Goodbye, so long
We want to thank you for what you've done
Time is near we must be moving on we stop to say - Goodbye
Friends brought cheer, throughout the whole year long we pause today - Goodbye
As we leave we all must let you know that we finally have reached our goal
Goodbye, Harlan High
So long, we leave this song we'll always keep the love deep within
Goodbye, Harlan High
So long, we leave this song farewell my fellow friends
Til we meet again, Til we meet again, Til we meet again
Goodbye

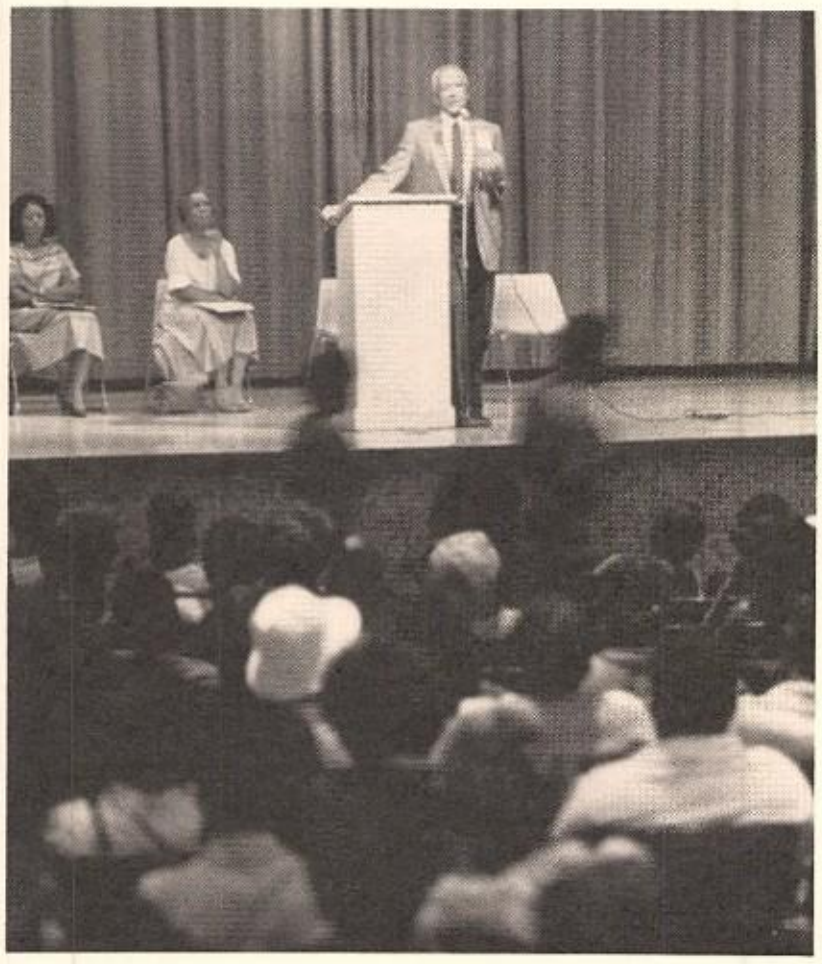
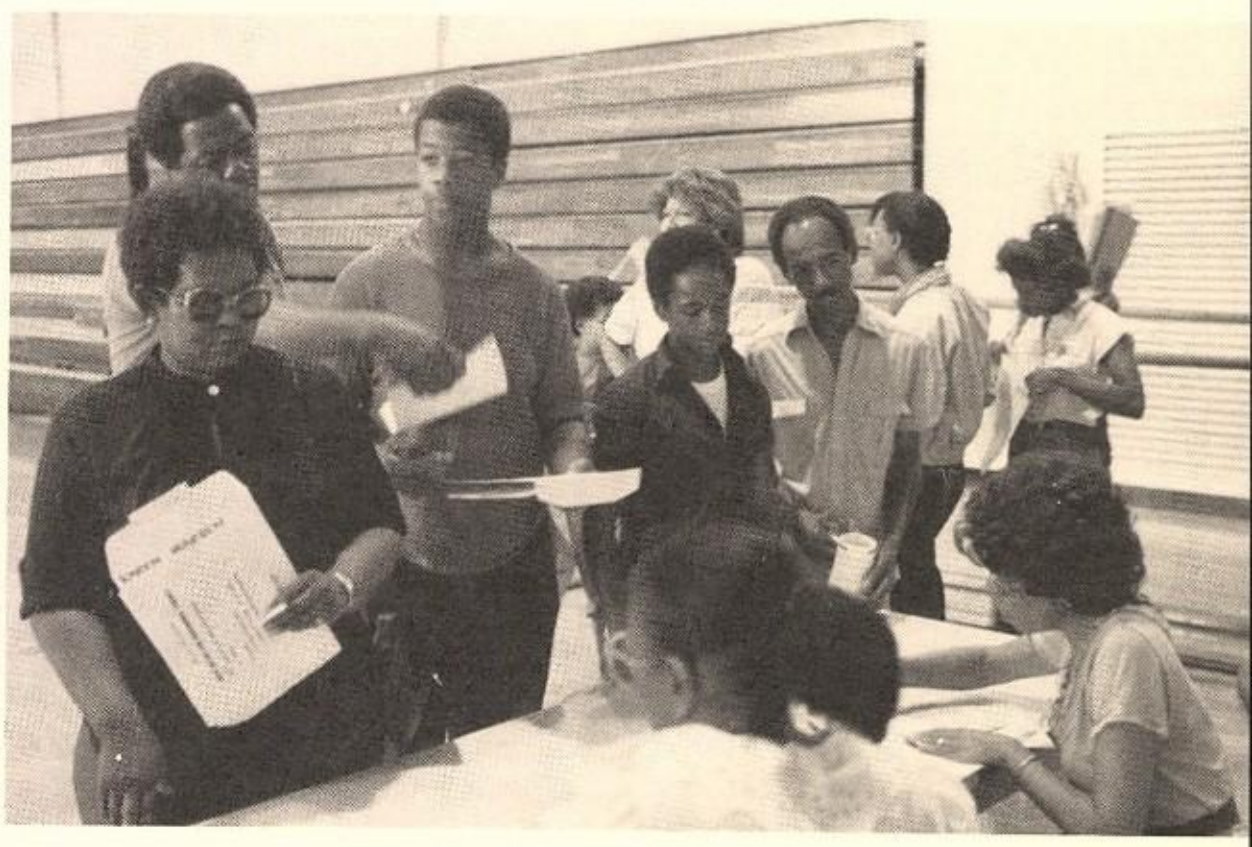
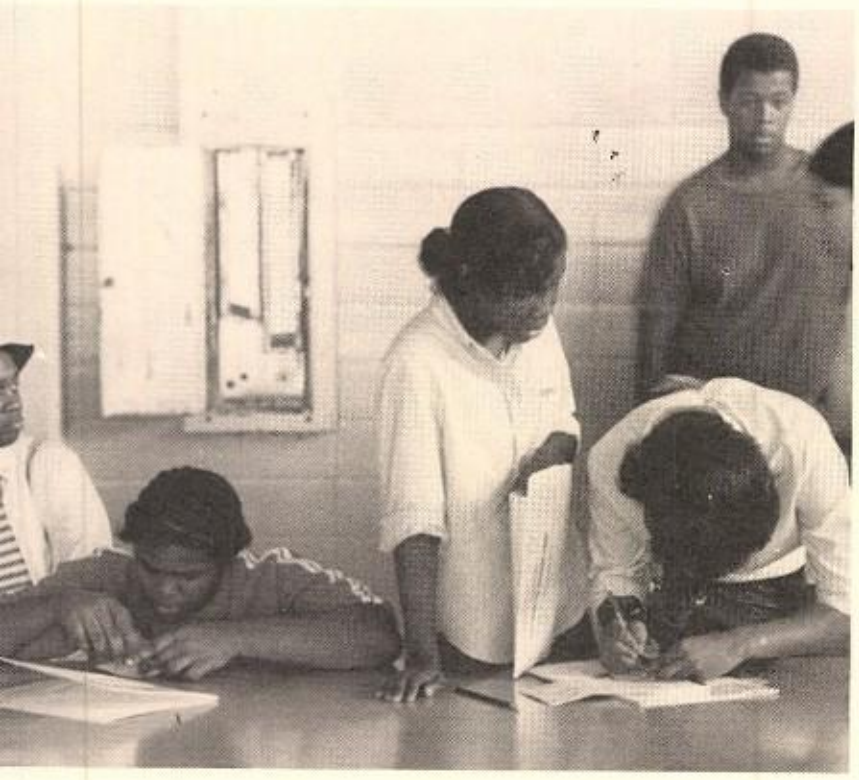
ORIENTATION

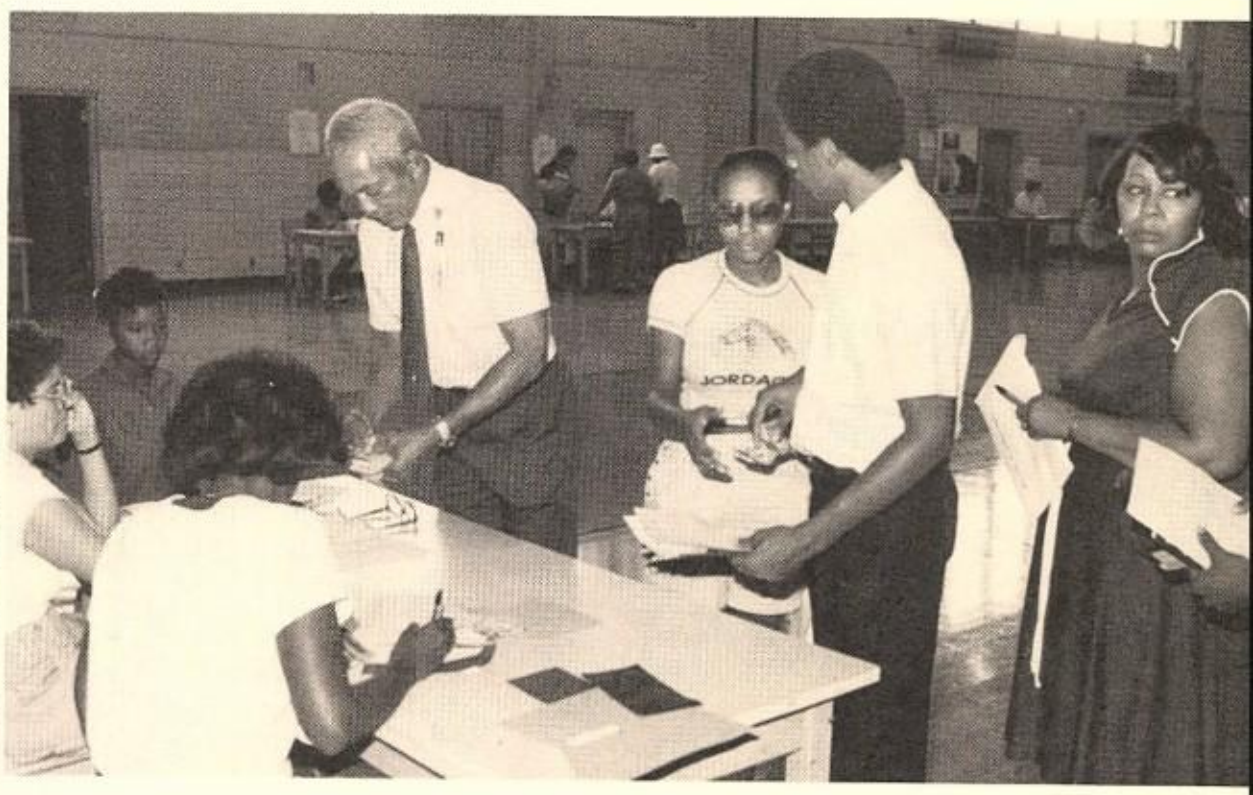
Orientation Day is held two days during the last month of August. On this day, all students and their parents come to Harlan and prepare for another successful year in school. Registration fees are paid, programs for the year are picked up; and, during a program sponsored by the Student Council, parents are given the rules and regulations of the school, and are told what we expect of their children.

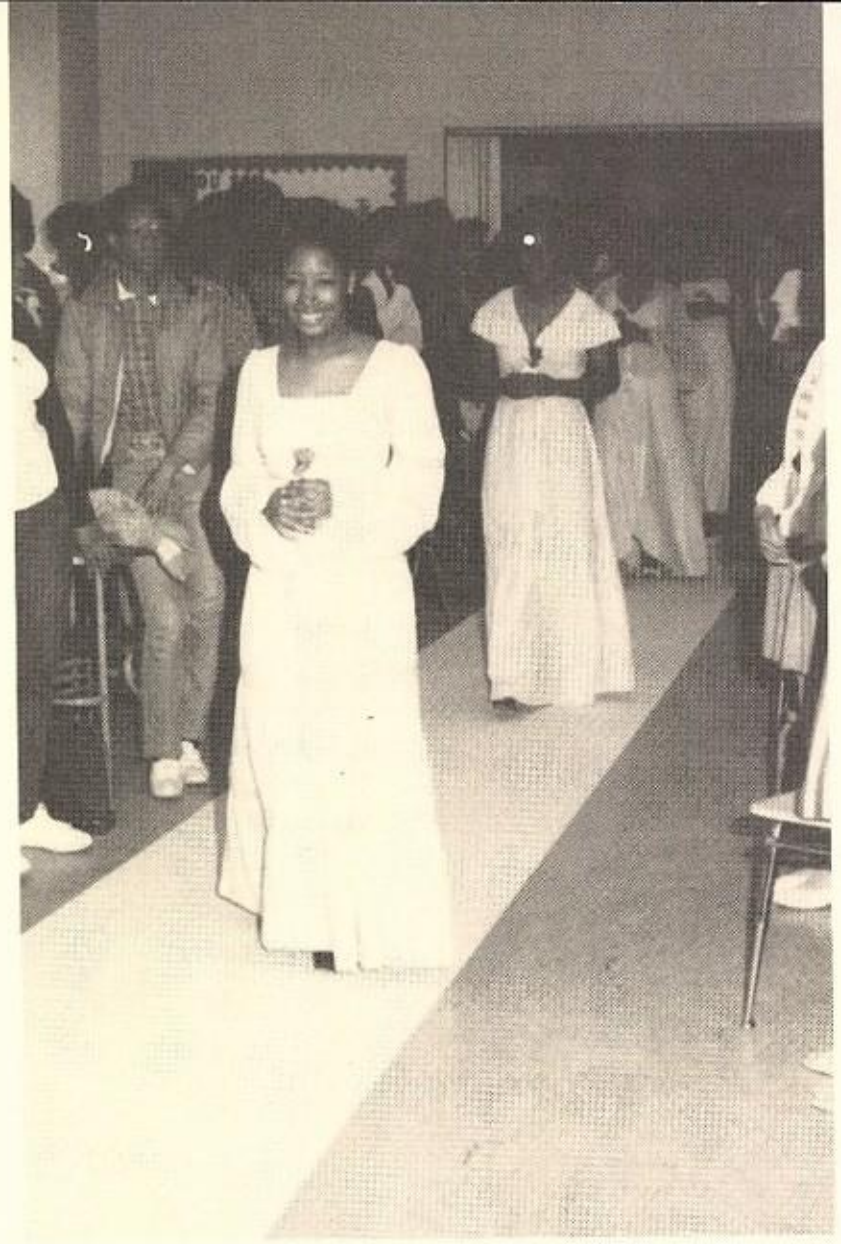
In order for this day to be a success, workers are needed. Thus, faculty, staff, and upperclassmen give up one or two days of their summer vacation to come in and help new students and old so that the opening days of the new school year will run smoothly.





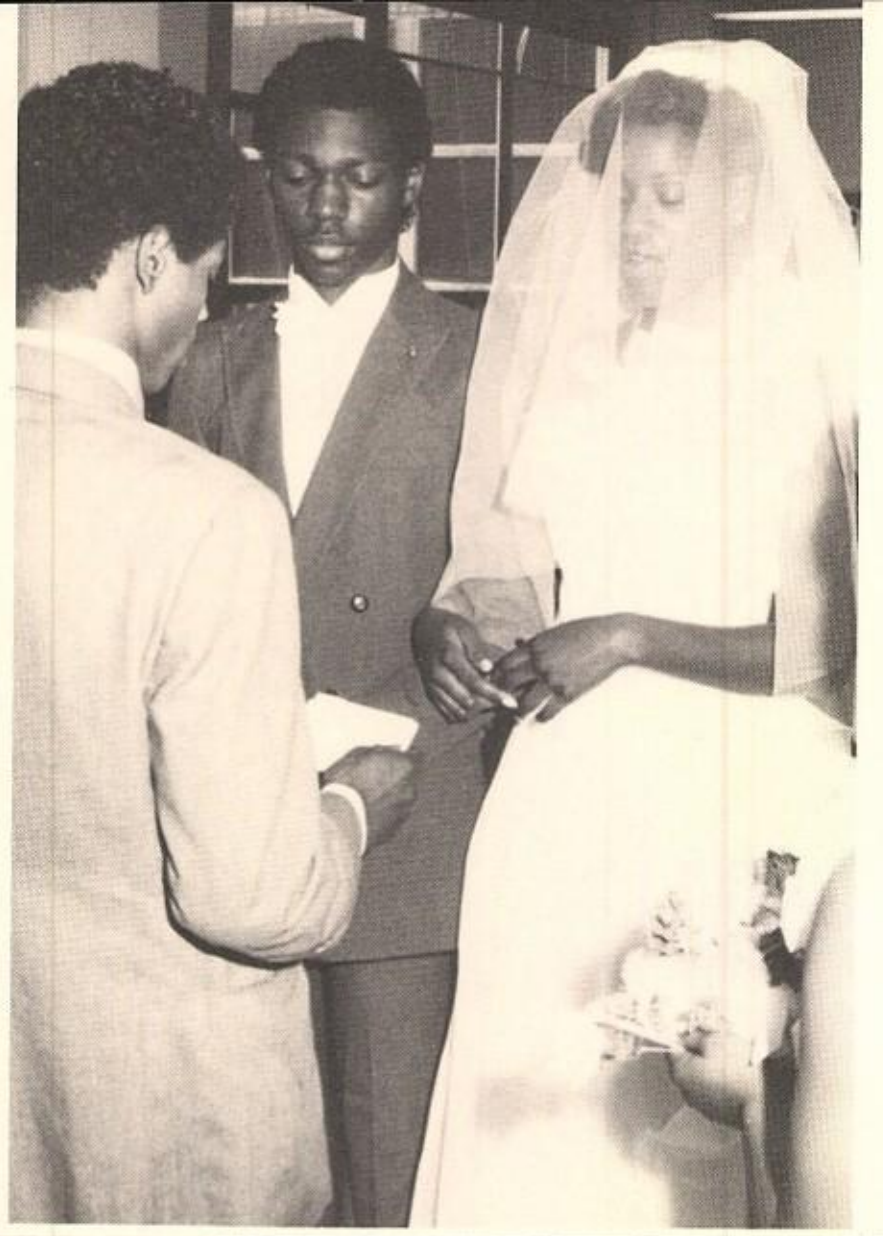






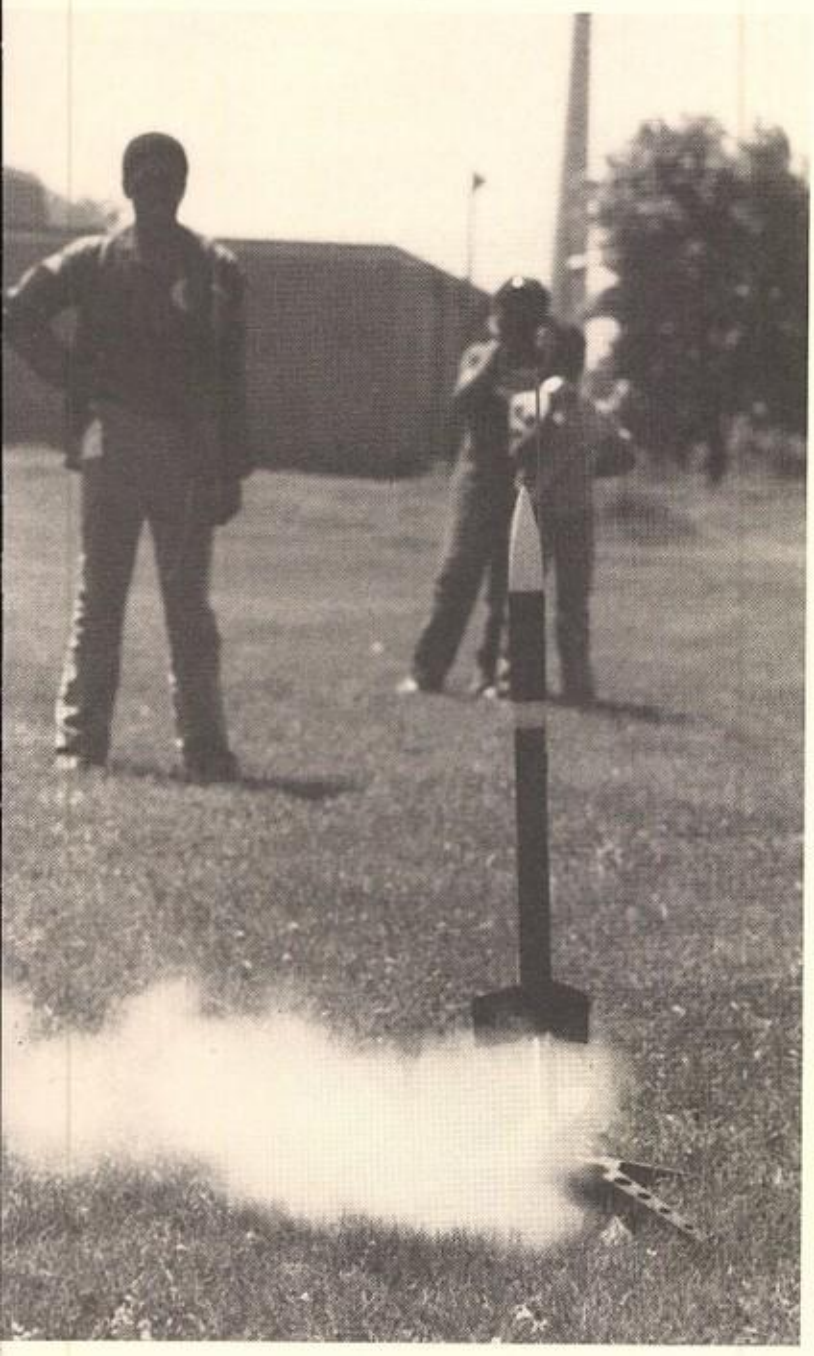
MOCK WEDDING

The Adult Living and Parenting class of Harlan is one of the many classes offered by the Home Economics Department to juniors and seniors. The mock wedding is done so that these young adults can become familiar with the rules, regulations, and protocol involved in a formal wedding, and so that students will know the parts played by people at or in a formal wedding. Each person or group — bride, groom, ring bearer, parents, bridesmaids, best man, matron of honor, flower girl, minister, and friends — has a specific role to play. Students are taught just what these roles are.

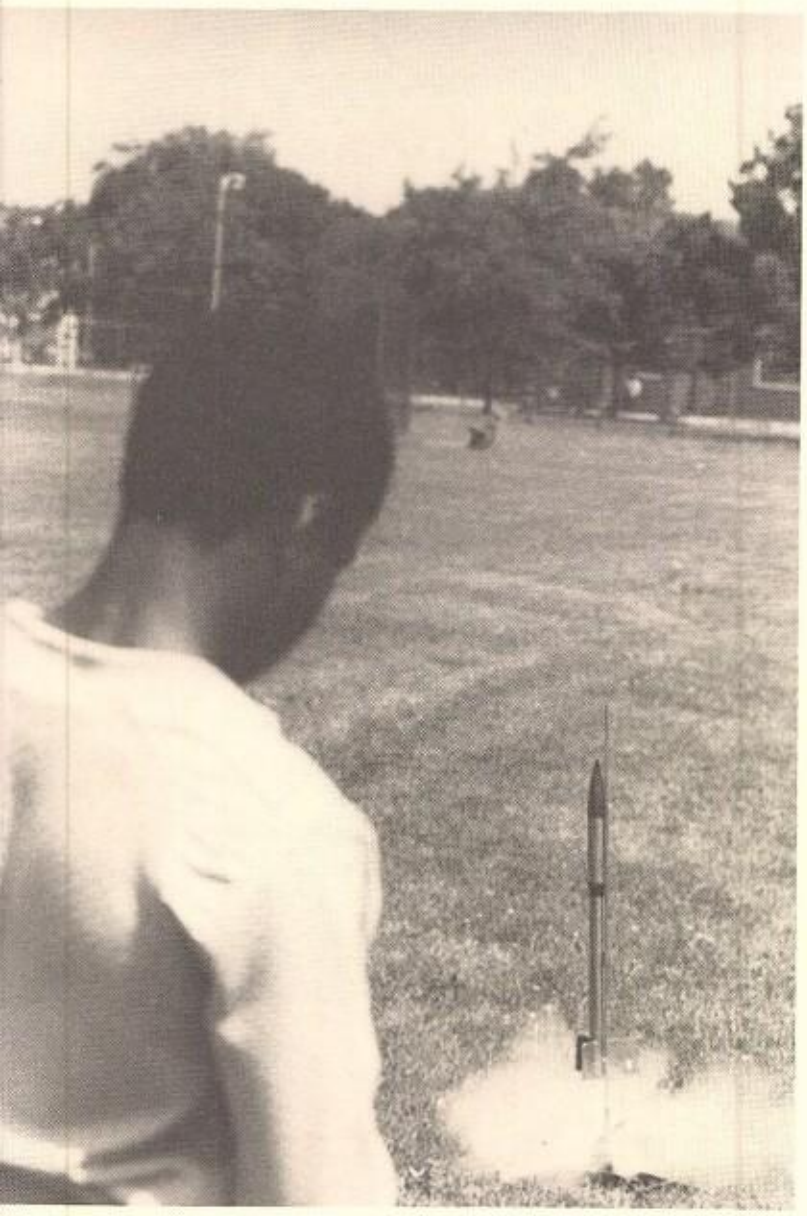


MODEL ROCKET CONTEST

The J.E.T.S. (Junior Engineering Technical Society) annually sponsors a model rocket contest. This contest consists of students who design rockets capable of holding an egg inside. The winners are those whose rockets fly highest with an unbroken egg.



This is only one of many activities that the J.E.T.S. sponsor. Harlan is recognized throughout the nation for the many activities that its J.E.T.S. members participate in. J.E.T.S. is one of the most respected and successful clubs at Harlan High School.



COLLEGE NIGHT

On December 6, 1983, Harlan High School, under the direction of the counselors, hosted College night for juniors and seniors. During the first fifteen minutes, Ms. Chiles and other faculty members explained the process for applying for financial aid. At the end of that session, juniors, seniors and their parents went to various classrooms where representatives for different colleges, universities, and the armed services spoke on admission requirements.

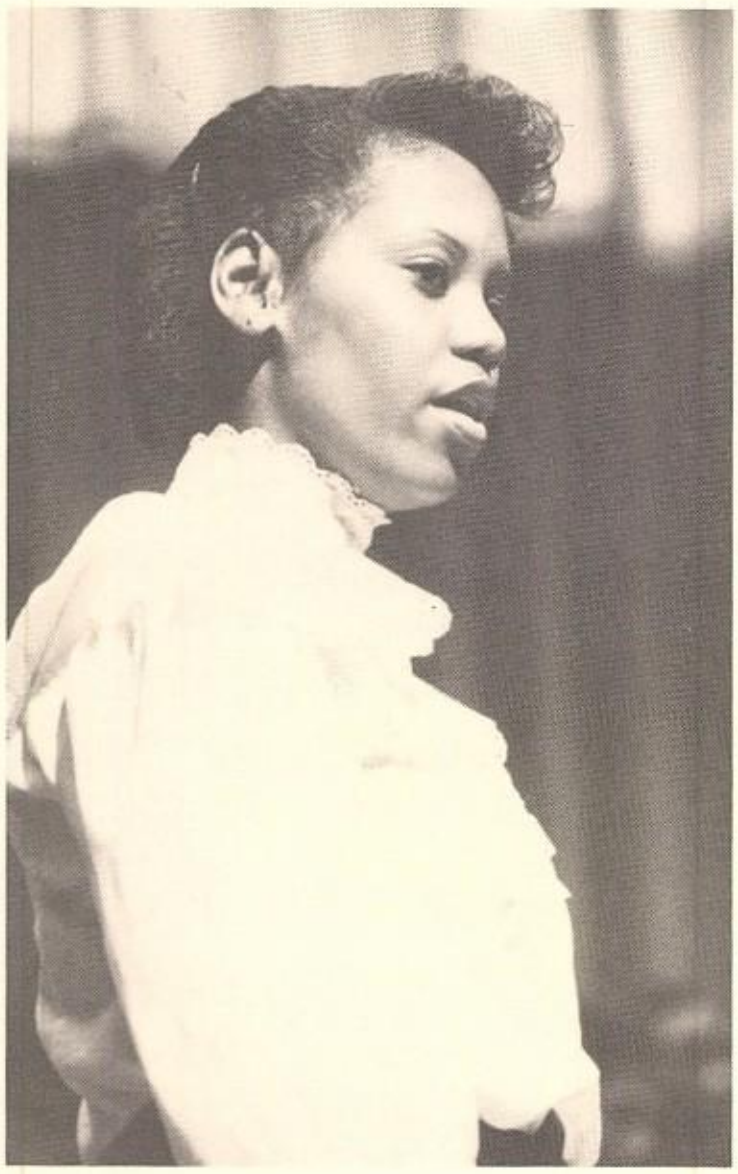
Silent Night

Joy To The World!

It Came Upon A Midnight Clear

The Music Department presented assemblies during the Christmas season. Under the direction of Mrs. C. Butler and Mr. A. B. Owens, the choirs and soloists sang Christmas carols. The band members, directed by Mrs. S. McIntosh, displayed their skills on various instruments.



CHRISTMAS AT

Under the direction of Mrs. Carole Butler, the Mixed Choir sang Christmas carols at the Art Institute of Chicago during the holiday season.

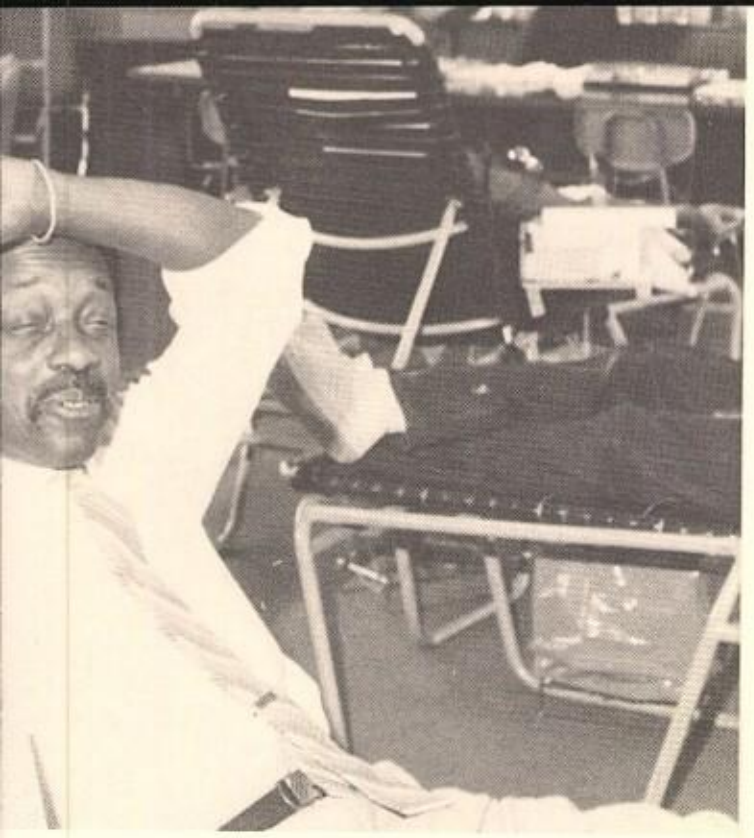
THE ART INSTITUTE

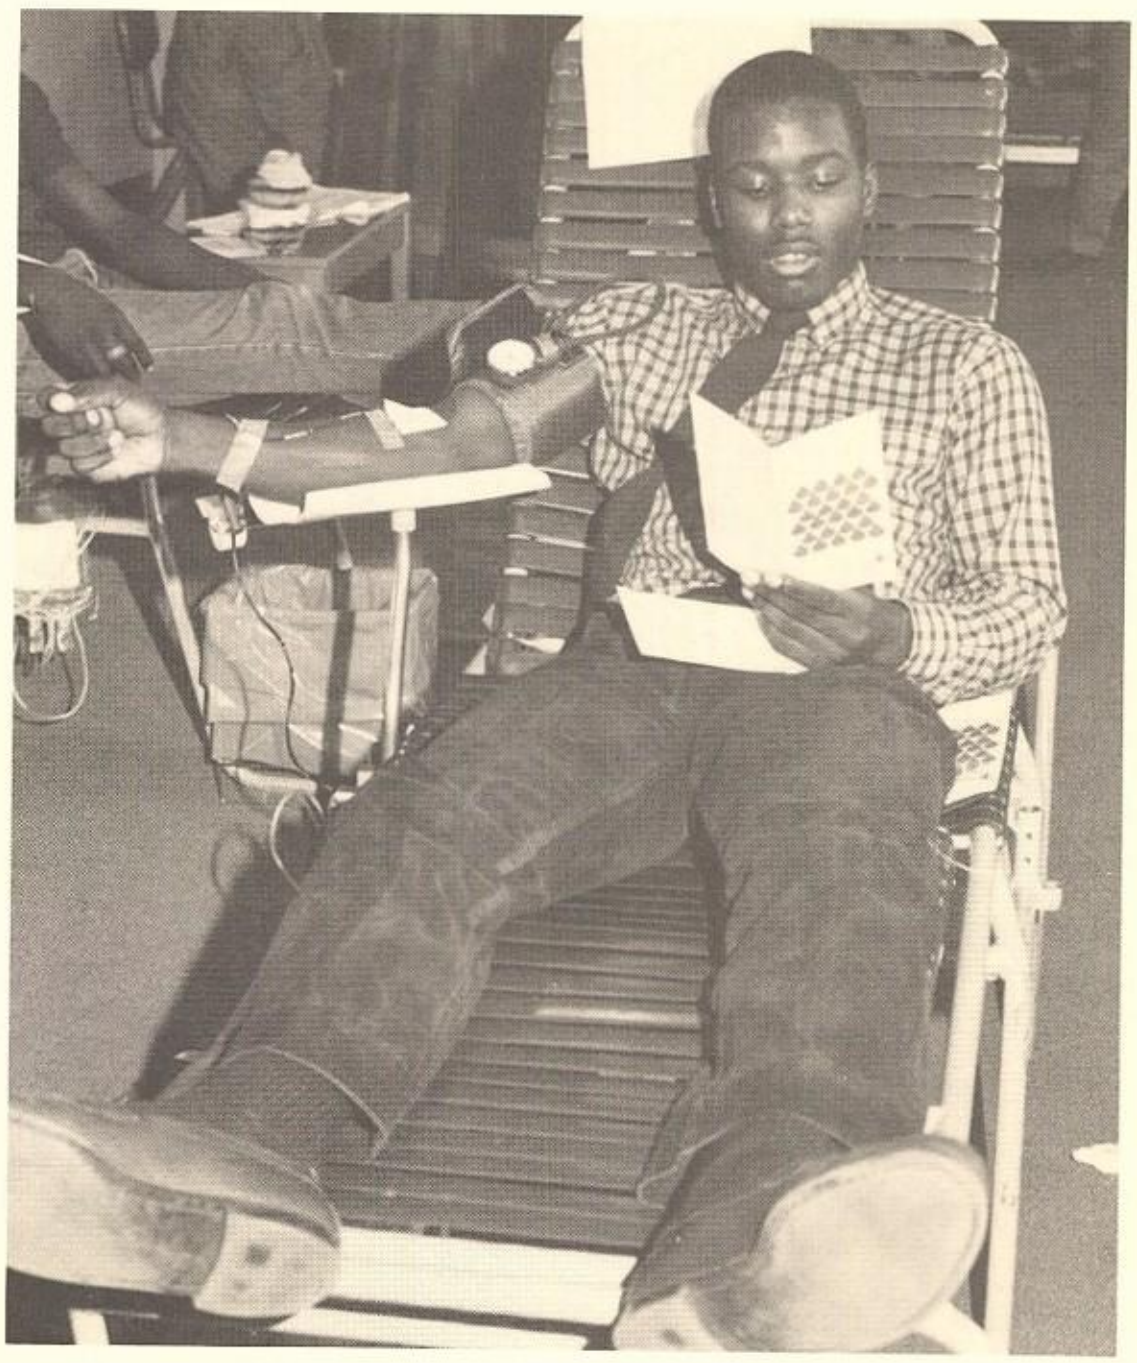
Harlan's choir was among many high school choirs invited to entertain holiday visitors to the Art Institute.

RED CROSS SPONSORS BLOOD DRIVE

On November 18, 1983, the Red Cross Club of Harlan sponsored a blood drive. Students, faculty members, and members of the community gave blood. It was a success! We thank all who give for this worthy cause. A special thanks to our 44 "first-time donors." This means that we are reaching out to new people and enlarging the pool of available donors to help meet patient needs throughout the Chicagoland area.

Thanks, again, to everyone for sharing this precious commodity.





FOOD DRIVE SUCCESSFUL!

During the Christmas season, the Student Council sponsored by Miss M. Tatman and the History Club sponsored by Mrs. Rossiter conducted a food drive for the needy. It was a rousing success. Over 1,000 cans of food were collected students and staff. The winner of the contest to bring in the most cans of food was Division 708, a freshman division, whose Division teacher is Mr. James Yates. They turned in over 125 cans of food. The food was donated to Operation PUSH in support of its annual Christmas food distribution to the needy.

Miss Tatman (left) and Mrs. Rossiter (right) along with officers of the Student Council and History Club. They sponsored the food drive.

Mr. Yates and his division, 708, winners of the contest to bring in the most cans of food from one division.

BRAINSTORMING

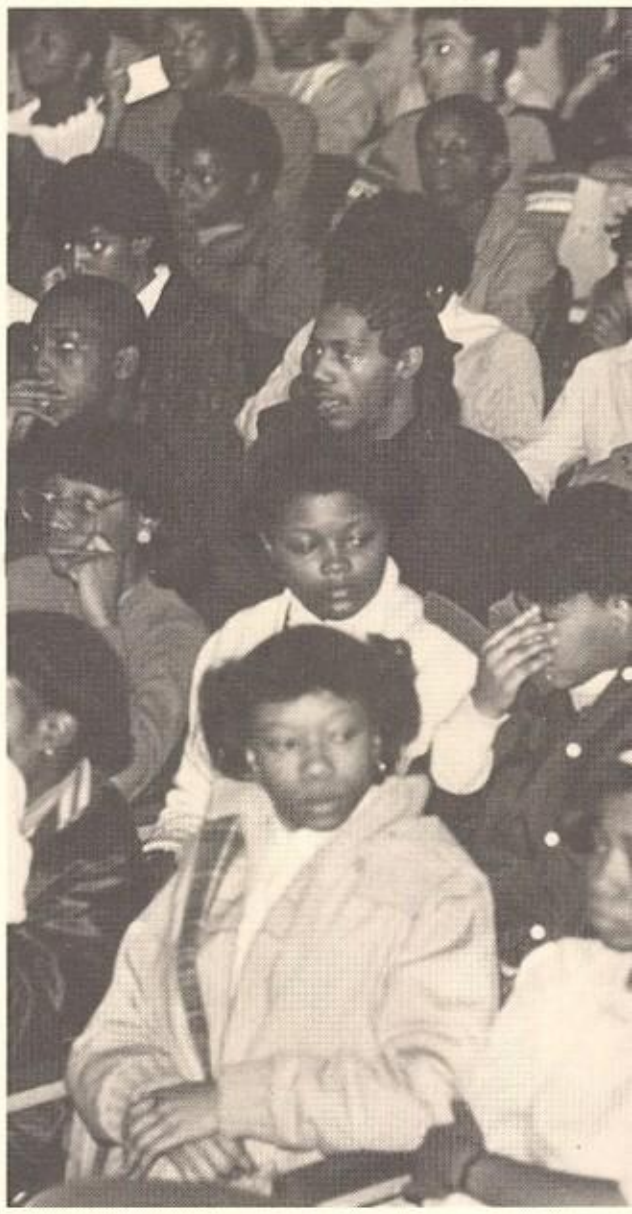
The Brainstorming Group is a new addition to Harlan's Student Council. This group, along with its moderator, Ms. M. Tatman, discuss problems that arise at Harlan, and seek to bring about a solution. The participants come to the sessions during their third period study. The group has worked to improve the school environment by attempting to get broken lockers fixed, keeping the lunchroom clean, and finding ways to help Harlan Students express the school spirit. The group has visited Operation PUSH's Saturday sessions and found them inspiring.

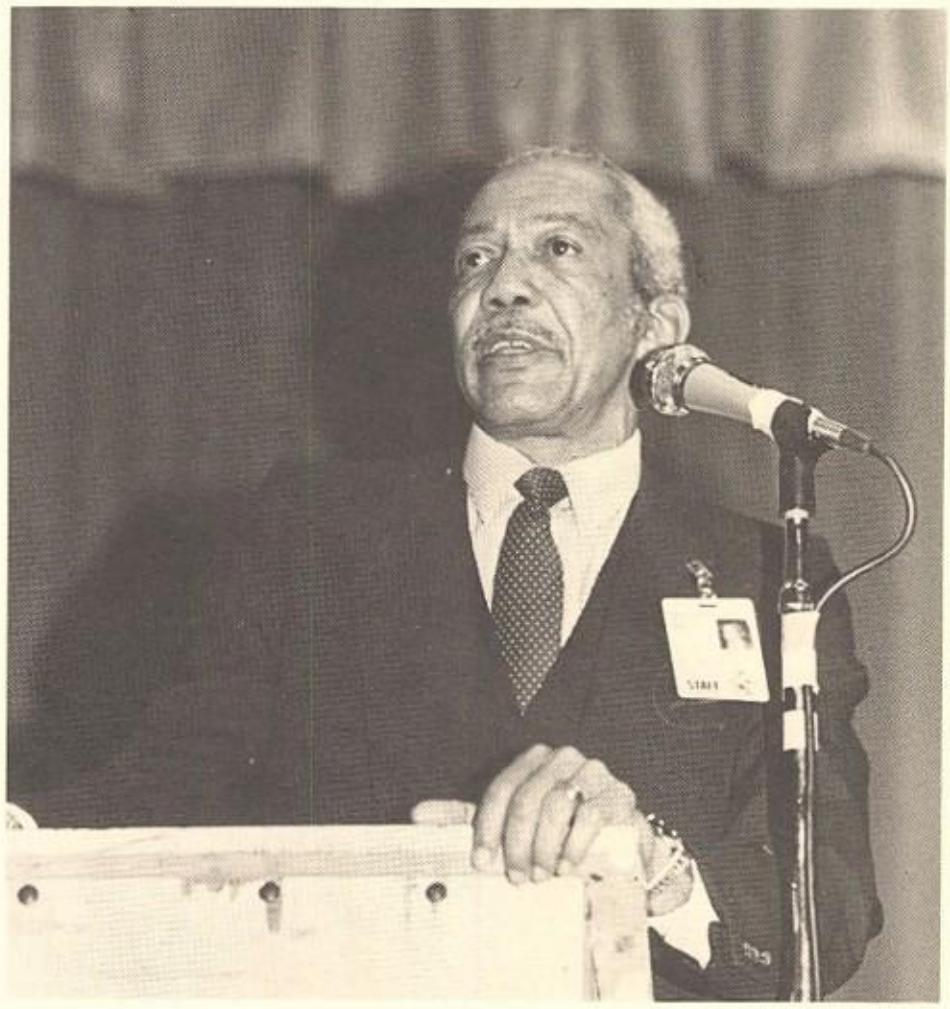
We are proud of these students, because they are willing to take a stand for academic progress, and for renewed school spirit.

CELEBRATION OF KING'S BIRTHDAY

On January 13, 1984, in celebration of Dr. Martin Luther King's birthday, Mr. A. B. Owens and the Music Department, along with Mrs. A. Rossier and the History Club, presented Ms. Sharon Hamilton. Ms. Hamilton sang an eighteen minute composition celebrating black accomplishments written by Mrs. Lena McLinn, a former Harlan music teacher. Linda Hall gave background information on Dr. M. L. King. Kimberly Jones introduced the guest artist. Mr. Smith opened the program with appropriate remarks on the impact that Dr. King had on the lives of all americans.

The program was well received by students and staff.





GUEST SPEAKER FROM SOUTH AFRICA

Advanced Mixed Chorus sings "Lift Every Voice and Sing"

Harlan High School continued its celebration of Black History Month with the presentation of Ms. Matalepula Chabaku, a native of South Africa. The program opened with a stiring rendition of the Black National Anthem, "Lift Every Voice and Sing," sung by the Advanced Mixed Chorus under the direction of Mrs. Carole Butler, accompanied at the piano by Mrs. Judith Langford. Ronnie Edmond served as Master of Ceremonies.

We are proud of our Harlan students who took part in the program. Linda Hall gave a historical background of Black History Month. Lisa Hurt, Calvin Malone, Paula Taylor, and Angela Marshall recited poems by Black artists. Karen Momon gave a moving interpretation of a poem she herself composed. Ms. Chabaku was a dynamic speaker who captivated the audience with her graphic descriptions of her homeland, and her travels, and how she came to America in 1976. She proved to be very knowledgeable about the Black experience in America, citing numerous Blacks who have earned their places in history through various contributions.

Kathy Slaughter ended the program with a beautiful rendition of "The Greatest Love of All," accompanied at the piano by her brother, Artemus Slaughter.

POETRY
by
Tajuna L. Copeland

MY OLD SOLDIER

He was drafted in '41
My true love has left me.
He packs his bags and says, "I love you."
And then he's off over the sea.

They took him far, far away
To Venus or even Mars.
But to see his smiling face again
I'd kiss a shooting star.

I sit at home, lonely
And watch the days go by.
Wondering if my old soldier
Is going to live or die.

But I look toward the future,
I know brighter days lie ahead.
Reminiscing about the past
And the wonderful things he said.

"We regret to inform you,"
The yellow letter said.
"That your husband is missing in action,
And we're afraid he's dead."

Old soldiers never die
They only fade away.
Well I'm hoping my old soldier,
will fade back someday.

YOU MADE ME

You made me want
You made me try
You made me laugh
You made me cry

You made me seek
You made me find
You made me learn
To speak my mind

You made me happy
When I was sad
You made me good
When I was bad

You made me
What I am today
And I wouldn't want it
Any other way.

REVELATIONS . . .

We've worked ourselves for twelve long years,
And now its about to end.
We are about to shed our childhood fears,
And leave our childhood friends.

Many times we've wanted to quit,
But something made us go on.
We look forward to the day that it's all over . . .
But we've only just begun.

For many of us it will be the end,
We'll marry and start our life.
But for those who will go on to college,
Its only the beginning of our strife.

But now we look ahead to June,
And to the day of our graduation.
We'll party a bit and have lots of fun,
'Cuz its the day of our Revelation . . .
or Genesis

THE WAY WE WERE

No matter where I was
You were close by my side.
We were just friends being friends.
We had nothing to hide.

When I had a problem
I always went to you.
And it was you who had the answer
You always knew what to do.

When I needed a shoulder to cry on
You were there to wipe the tears.
And if I ever was afraid
You took away those fears.

But now when I need you most
You're never in my sight.
I'm sorry for whatever I've done
For whatever made us fight.

If I could turn back the hands of time
I would if you prefer
I just want us to go back
To being the way we were.

THE FUTURE

People look upon the future
As an escape from the past.
They live their lives day by day
Not knowing which is their last.

The future is the next second
Next month or next year
The past was yesterday
And it bore so many tears.

The past is a ladder
The future is a high wall
The other side is known by none
But it is seen by all.
